Meeting Your Fundraising Requirements

Selling Popcorn gives you credit towards your required \$85 minimum fundraising amount. Because each item has a different retail price, each item will count differently towards your goal. 35% of each item you sell is directly returned to Pack 4031. To easily determine how much of your Popcorn sales will be credited to your \$85 goal, take your total POPCORN SALES x 35%.

Individual Scout Accounts

After reaching your required minimum fundraising goal, additional items sold will count towards your individual Scout Account. Your ISA will accrue 50% of all proceeds generated above your required fundraising goal.

ISA Example:

Your scout sells \$600 in Popcorn items, $\$600 \times 35\% = \210 .

Subtract \$85 minimum amount, $\$210 - \$85 = \$125$.

50% of all proceeds count toward your ISA, $\$125 \times 50\% = \62.50 .
